“Professionals engaged in improving environmental aspects”

Dear TUR Planner:

As a Certified Toxics Use Reduction Planner, you are invited to join the Toxics Use Reduction Planners Association (TURPA).

TURPA was established in 1995 to provide TUR Planners with a collective voice for representation to MassDEP/TURI/OTA, promoting TUR Planning as a career, and to provide a direct conduit to actively participate in ongoing changes to TURA Regulations and TUR Act.

TURPA currently has two Board of Directors (BOD) who serve on the TUR Advisory Committee, and also attend Science Advisory Board (SAB) meetings, with the goal of providing TURPA Members with up-to-date information regarding TURA regulatory changes. There are two ways to receive this information: attending TURPA Membership meetings (which earn TURP Recertification Credits – four meetings/year), and to visit TURPA’s webpage and enter the “Members Only” section (see registration form below).

Please join us as an active member this year and be part of the organization that is helping to form the environmental future of Massachusetts. Please take a moment and complete the enclosed membership application form.

Make sure we have your current e-mail address so we can keep you in the loop for 2010 regarding member meetings, newsletters, Board of Directors Minutes, special announcements, and web page updates.

Sincerely,
William D. Judd
President
TURPA Board of Directors
